

Grant Consulting and Funding Search Services

Science Answers, LLC services to obtain non-dilutive financing of biotechnology

Success rates for grant proposals on which Science Answers, LLC consulted are over 2-3 times the national success rate.

Funding Searches

Identification and evaluation of relevant funding opportunities targeted for your company's biotechnology

Grant Strategy

Strategic alignment of client company goals and funding opportunity objectives

Grant Consulting

Consulting on client prepared or jointly (Science Answers and client) prepared grant proposals for submission through the following mechanisms and agencies: SBIR, Small Business Innovative Research Proposals; STTR, Small Business Technology Transfer Proposals; DoD contract proposals; NIH grant proposals and contracts; NSF grant proposals

Sample Funding Opportunities

US Army grant for medical research and development \$1,000,000

NIH SBIR grant phase I awards \$150,000 - \$325,000 for 6 month proof of principle projects

NIH SBIR grant phase II awards \$1,000,000- \$1,500,000 for 2 year projects.

Department of Defense (DoD) funding of \$2,200,000 for up to a 5 year project

SBIR contract through NIH or DoD funding \$200K-300K for Phase I; \$1-3 million for Phase II

Grant funding often generates significant interest by private equity sources for further investment in your biotechnology.

Science Answers, LLC works with clients to strategically advance therapeutics, diagnostics and devices. We understand your science and the drug discovery, development and regulatory processes.
